OAV Biswanathpur, Gondia in Cloud Nine After the Governor's Visit

OAV Biswanathpur: Governor of Odisha Sri Raghubar Das paid a visit to OAV Biswanathpur, Gondia Dhenkanal just after visiting Lord Chandrasekhar shrine at Kapilash. Both the Staffs and Students were eagerly waiting to meet honorable Governor of the state. Curiosity was all around, finally it ended after his arrival at Vidyalaya at around 12.30 PM. He was grandly welcomed by OAV Biswanathpur Family. Students of the Vidyalaya welcomed him with a tilak on his forehead & offered a mesmerizing bouquet. Then after, our lovely students Sibani, Dibyanshi & Trishna recited a welcome song in Sanskrit "Swagatam... Swagatam..." that was glorifying the moment for sure. Goosebumps were on a high note. The honorable Governor also talked with all the hardworking and dedicated Teachers of this institute and urged them to nurture the dreams of young talents. While interacting with students, he stressed on some good values like hardwork and dedication. Education is never meant for quantifying documents rather it means to achieve your ambition in a good manner, Sri Das added. I/C Principal of this institute also displayed a PPT containing students' academic and non-academic achievements. At the end, Sri Das appreciated the efforts of I/C Principal & Teachers by mentioning golden words in the visiting register.

MATH PREMIER LEAGUE – A STEP TO INCULCATE MATH PRACTISE & COMPETITION AMONG STUDENTS

OAVS partnered with Khan Academy, India to improve Mathematics learning ability of students reading in Class VI to Class X through online platform of the latter. In a step to develop a Math practice and competitive spirit among students, Math Premier League (MPL) took its shape. Continued for one month duration, MPL ended on 15th December 2023. Each week all teachers are encouraged to ensure that their students spent at least 30 minutes in a week for practicing Math on Khan Academy platform. Each week, MPL leader board shared top performing Vidyalayas and teachers. At the end of the league, Hafeez Ahmad, TGT Maths of OAV Lahunipara and Ganjam emerged as top performing teacher and district respectively. Further, Top 10 teachers, Top 10 OAVs, Top 5 Nodal Principals and Top 5 Districts (Math Experts) will be awarded for their performances.

LEADERSHIP DEVELOPMENT TRAINING FOR PRINCIPALS OF OAVS

IIM Sambalpur: 04 Day Leadership Development Programme for principals of OAVs was organised by the OAVS, Bhubaneswar from 11th December to 14th December 2023 at IIM, Sambalpur. The programme was inaugurated by Prof. Mahadeo Prasad Jaiswal, Director, IIM Sambalpur. The programme aimed to provide insights into effective leadership and management practices.

A total of 27 principals of different OAVs attended the training programme. The Leadership Development programme at IIM Sambalpur was a transformative experience, providing valuable insights into effective leadership strategies and fostering a collaborative learning environment. The diverse range of case studies and interactive sessions made the training engaging and relevant. It offered a holistic view of leadership dynamics in various contexts.

The participants appreciated the efforts of faculties of IIM Sambalpur for training, knowledge and skills imparted for their personal and professional growth. The faculty's expertise and the interactive nature of programme encouraged meaningful discussions. The peer-to-peer learning added immense value to the overall experience.

Prof. Ramakrushna Padhy, Programme Director of IIM Sambalpur, played an important role in shaping the programme successful. Prof. Mahadeo Prasad Jaiswal, Director of IIM Sambalpur, awarded the training completion certificates to all the Principals and felicitated them for their successful completion of training. All the principals expressed their gratitude to OAVS for such training programme.

Congratulations!

Visit of Honorable Governor Shri Raghubar Das to Odisha Adarsha Vidyalaya, Tadama

December 22, unfolded as a beacon of educational significance. I/C Principal Mr. Chittanjaya Behera's warm welcome set the stage for a day marked by reverence. The NCC cadets' precise guard of hono added a touch of discipline and respect. In an eloquent speech, the Governor lauded the school's dedication to nurturing intellect. Engaging with students personally, he shared valuable insights kindling aspirations. The promise of Rs.11,000 for a class VII student Nikhil Nagabansha's portrait of the Honourable Governor showcased an appreciation for artistic flair and the tree-planting initiative symbolized a commitment to environmental stewardship elevatin the visit to a holistic celebration of education and sustainability. Before leaving, the honourable Governor Shri Das also had an uplifting conversation with the staff members of the institution for paving the path for the students and being their torchbearers.

Saswat at KBC Junior

There is no dearth of talent in OAV. The OAVians are proving it time and again. The students are exhibiting their potential in the national level competitions creating a special identity of OAV amongst others. It's a matter of immense pride for the entire OAV is master Saswat Pattanaik, class VIII student of OAV Umerkote has brought laurel to the school, family and entire state participating in Kaun Banega Crorepati Junior- 2023 winning 12 lakh 50 thousand. In front of the Bollywood Superstar Shri Amitabh Bachhan he exhibited his talent exquisitely confronting all the questions. His in-depth knowledge on Science, GK and Social Science mesmerised the audience. When he was asked about the aim of his life Saswat replied that he wants to be the most powerful person on the earth which impressed the host as well as the spectators. Mr.Bachhan was enthralled when he came to know that Saswat knows six different languages. Moreover Saswat answered 9 out of 10 questions in Super Sandook and won 90000 rupees. He quit the game at question number 13 after taking audience poll life line.

Emerging Odisha Adarsha Vidyalaya accelerating sports

8th Feb 2023, O.A.V, Bapanpalli, Podia, swells with Pride for the young student athletes, who having participated at the State level Athletics, have bagged laurels for their school. Priti Sodi daughter of Dam Chandra Sodi of Ambaguda Village, Kalimela Block Malkangiri District, has been awarded for her remarkable feat at the State level Athletics meet, held from 4th to 8th February, 2023, at NAC Girls' High School, Paradeep, Jagatsinghpur. She took the spectators at awe with her exhilarating performance at 100 mtrs, 200 mtrs and 400 mtrs. Sprint (women). Her passion for games and sports is what makes her special amidst all the academic activities. She hopes to hit the Olympics ground one day. All the best wishes and blessings from the respected dignitaries and faculty line of Odisha Adarsha Vidyalaya Sangathan, Bhubaneswar.

Sukanti Harijan 3rd in STATE LEVEL KALA UTSAV-2023

Sukanti Harijan brings glory to her school and Nabarangpur district by participating and getting 3rd position under senior category in 'DRAMA (SOLO ACTING) FEMALE' at State Level Kala Utsav- 2023.

The competition was held at block level and zonal level in which Sukanti Harijan, student of class-IX, Odisha Adarsha Vidyalaya, Nandahandi, Dist.- Nabarangpur represented the school and came out first in both the Block Level and Zonal Level and got scope to take part and brought glory to her family, school as well as the OAV family. On her remarkable success, the principal, teachers, parents are happy and optimistic of her bright career in the field of curricular and co-curricular activities.

BLESSED SOLOMAN CLINCHES SCIENCE QUIZ PRIZE

Blessed Solomon Jabez Ray, student of class-X, Odisha Adarsha Vidyalaya, Nandahandi, District-Nabarangpur has been awarded with the second position under senior category at the State Level Science Quiz Competition organized by the Directo rate of TE and SCERT, Odisha on 8th November 2023. The abovementioned competition was organized at block and district level and Blessed Solomon Jabez Ray was selected first at both the levels and got opportunity to represent Nabarangpur district. On this success of being 2nd at State Level, the whole school fraternity including the principal Mr.Kalakrishna Bishoyi and his father Mr.Pranab Kumar Ray and mother Mrs. Bethseba Raywere extremely happy and hopeful of his bright career. This is not a mere story of achievement but an inspiration and hope for all the ambitious students of Nabarangpur district.

DEFENCE, AVIATION AND SPACE SCIENCE

BY SHREYA SHEETAL RAUT
Class XI SCIENCE, OAV KARAPALLI,
Rangailunda, Ganjam

Defence, Aviation & Space Science [Karapalli, Ganjam]

In recent years, strategists and diplomats from space faring nations have engaged in debates with their foreign counterparts (and in some cases, with each other) on a range of issues related to norms and laws - or the relative lack there by applicable to the military use of Space. Questions have run the gamut from the very broad (should the slim volume of outer space law be relevant to military platforms and operations be expanded?) to the very specific (what new technical tools are available for the verification of a regime of a notional future space arms control agreement?).

As a major space faring nation and leading military space power, United State's support for these as well as other initiatives proposing norms, rules, or laws relevant to the military use of space will play a significant role within the decision-making processes of other space actors weighing a unanimity to endorse or oppose these measures. At the same time, however, the support of the United States and its allies alone cannot necessarily guarantee the success of any proposed multilateral space initiative or agreement. Emerging space powers are increasingly making their voices heard on space issues, and represent important potential partners in future coalitions assembled to counter the 3 C's.

India is an increasingly important geopolitical player which is determined to attain recognition as a great Space power. Past and present Indian leaders, have unanimously agreed that advancements in science and technology are critical to the future development and security of their state. The country established a Department of Space in 1972 and has long linked its national space programme with the realization of broader national goals; its stated determination to achieve "Self-reliance in Space Technology," for example, is an ambition with important implications for the country's future economic and defence planning.

Eager to explore space, by capturing a share of the growing international space market, and project power across and beyond South Asia - and wary of the economic growth and military space developments of China - India is devoting significant resources to civilian and military space projects as well. The country currently has one of the world's largest space budgets (by one estimate, the sixth largest in 2010-11). The Department of Space's research arm, had exemplarily announced a 67 billion rupee (US \$1.3 billion) budget for the 2012-13 fiscal year.

Within the current community of space-faring nations, India is one of the few states outside of the major space powers to develop its own launch vehicle. Its Polar Satellite Launch Vehicle (PSLV), at first launched in the year 1993, was the country's major space launch platform and has enjoyed a string of 18 successful launches since its last failure.

India has also devoted significant resources to developing remote-sensing satellites designed to address pressing national needs, such as close monitoring of factors affecting crop yields and providing a range of data assisting disaster management response. ISRO proudly touts its current constellation of eleven satellites as the largest of its kind in the world.

Space & Defence seeks submissions that will contribute to the intellectual foundation for the integration of space policy into overall security studies. The collaboration of soldiers, scholars, and scientists studying nuclear deterrence in the 1950s has led to a robust evolution of doctrine that shaped national and international policy for the succeeding forty years. Our goal as a center is to create this same ballistic dialogue with a research agenda that focuses on the integration of space policy and security studies.

Indeed, the emergence of space as a unique and critical element in national security, economic security, homeland security, cyber security, environmental security, and even human security has persuaded us that this line of inquiry is vital to the future of overall international security.

Advent into Science Arena

With respect to expansion of credible know-how and to create a knack to accumulate more information and to keep up with upcoming trends, a district level Science Quiz Competition had been successfully organized on the 5th of November at AJO High School in the pristine environs of Phulbani. Students from various schools had converged after having cleared the block-level round to compete at the district level. There was a written round with a plethora of questions. Our IX th Grader Pragnyasmita Pradhan emerged victorious in the Senior category by bagging the first position, thereby representing our school at the State Level Quiz Competition held on the 8th of November, 2023 at Regional Science Center, Bhubaneswar. Braving the biting November cold, along with her Escort Teacher Mrs. Shivani Shubhrajyoti Bhuyan (PGT English), Pragnyasmita Pradhan and her co-participants had to face a written round of fifty diverse questions based on Science and Technology; following which there was a verbal quizzeria on topics based on scientific innovation, explorations and recent developments. It was an immensely brainstorming session of three long hours, which was an eye-opener for all, that provided an impetus to the upcoming citizens of India to delve deeper into the scientific arena.

OAV CHAKAPAD, KANDHAMAL

STATE LEVEL SCIENCE QUIZ COMPETITION

Subham Swarup Paltasingh

In November this year, a very unfortunate incident occurred. The school including the entire district was left shocked by the demise of a class IX student named Subham Swarup Paltasingh of OAV Sandhapur, Jatni who was brutally murdered by an atrocious boy at his own residence, Benapanjari village of Jatni block on 1st Nov 2023 in the evening after returning from school. On that day he was preparing for the half yearly exam that was about to begin from the next day. Immediately, he was rushed to the Khordha Govt. hospital where he was declared dead. Sri Harekrushna Mohapatra, Principal /c was also present in the hospital.

As the Principal stated, "We could easily imagine him as one of the best students of our institute. He had remained a bright and dynamic student scoring above 95%. Not only that, he was a figure of discipline and immense compassion. As a tribute to the departed soul, all the 329 students were appearing half-yearly exam with a heavy heart."

A condolence meeting was held in the school premises on the 2nd of November at 9.30 AM. Sri Aditya Baliarsingh, VMDC member and some parents were also present who expressed their deep grief and consoled all the students and teachers by paying tribute to the departed soul. Mr. Harekrushna Mohapatra, the Principal /c along with other two teachers visited the home of Subham Swarup on 2nd November and consoled the bereaved family who had lost their only son in an untimely manner. A PTM was also conducted on the 4th of November at 3:00 pm in the school premises regarding the safety and security of students in which the parents unanimously agreed on some rules framed by the school.

A few students in this world have managed to rise above the daily rut that is unique life, and he had managed to distinguish himself as an exemplary student. We, as a school in solidarity stand with heavy hearts and pray to The Almighty to give the bereaved family the strength to withstand this tragic moment. May his soul find comfort in his new abode.

"You will always be, treasured forever in our memory. We keep in our heart the love of the past, for there it was planted forever to last. Your presence will be missed, remembering you always, forgetting you never."

INDIA - THE EMERGING LEADER OF SPACE EXPLORATION

"India- the country of black magic...", "India- the country of snakes...", "India- the country of slums..."

These are certain titles given to India by the western countries in past. Now we have completely altered their thoughts by remarkable achievements in the last two decades. Most remarkable achievements have been done in the field of space research. India has entered into the elite space club by becoming the fourth country to initiate a space probe (A space probe is an unpowered, unmanned device sent to explore space and gather scientific information) on the moon after the US, China and Russia. All credits goes to ISRO (Indian Space Research Organization). ISRO has paved the way for economic space exploration and has set an example for developing countries to aim for space. Its journey started in 1962 under the guidance of an elite visionary Dr. Vikram Sarabhai. A milestone was achieved by creation and launch of INSAT (Indian National Satellite System) to satisfy tele communication, broadcasting, meteorology and other needs of the country. In 2013 we launched MOM (Mars Orbiter Mission), also known as Mangalyaan. We have launched our lunar missions including Chandrayaan I, II, III. We are the first country to reach the south pole of moon. Cost effectiveness is always on focus for any space mission. For that we depend on in-house technology, standardized components and adaptable systems. PSLV is designed to carry multiple bay loads in a single mission to optimize the resource use and less launching cost. Aditya L-1 mission has great significance in solar study. In future, we are aiming for ambitious Gaganyaan mission which targets to send humans to space. To unveil secrets of our neighboring planet Venus, we are going to send Shukrayaan. ISRO has inspired, is inspiring and will inspire millions of space enthusiasts.

ARPITA BEHERA
CLASS- 9 OAV, TETELENGA, BOUDH

ANNUAL SPORTS MEET CELEBRATED BY OAV GOLAMUNDA, KALAHANDI

ANNUAL SPORTS DAY OAV JHAGRAHI, KOMNA

The 5th Annual Sports Day of Odisha Adarsha Vidyalaya Jhagrahi was conducted in the school playground on dates 15th and 16th December 2024 successfully with various sports events i.e. high jump, long jump, running events, discuss throw and shot put throw etc. The event was chaired by VMDC member Mr Nilambar Padhi. Mr Padhi motivated the students on the importance of games and sports in our day to day life with his valuable speech. After the formal meeting the day started with the prayer to God. The teaching staff who were assigned for different events, played their roles accordingly. The school PET organised different events systematically in proper times. Most of the students of the school had participated in different events. Master Naresh Majhi and Miss Shakshi Majhi became the champions from Junior Group, on the other hand Master Gaurav Chandra Sabar and Miss Liza Sahu became the champions from Senior Group.

The events of the first day were conducted smoothly and the remaining events were completed on the second day as well. Lastly, all the winners were awarded with medals and certificates by our Principal Mr Jitendra Kumar Pradhan.

MUN PARLIAMENT 2023

09 Dec, 2023 Odisha Adarsha Vidyalaya Jamdhar Jajpur organised MUN (Mock United Nation) Parliament on the theme ' SAVE EARTH TODAY TO SURVIVE TOMORROW ' on 09th of December 2023. Students of class IX & XII of the vidyalaya participated in this event and delivered their views on CLIMATE CHANGE enthusiastically. Principal of the vidyalaya inaugurated the event by encouraging the students. Participants of the event discussed about effects of climate change, future perspective of it

and possible solutions to it. Further details were also discussed about A healthy planet is not an option. It is a necessity.

20th December: The Annual Day of our Vidyalaya "Abhivyakti"(The Expression) was celebrated to give students an opportunity to showcase their various talents and to felicitate the achievers for their accomplishments in the academic year. The programme started with candle lighting at Lord Jagannath by our honourable principal, Chief Guest, chief speaker, and honourable guests.

Professor Ashok Kumar Kabi, HOD Sociology Simulia college, Balasore graced occasion as the chief guest, Mr. Narayan Chandra Das, Block Education officer was the chief speaker and Mrs Nirmala Panda, CRCC Sukinda cluster was the guest of honour of that day. Our honourable principal presented the annual report and our revered guests inspired our students with their words of wisdom. Followed by which a cultural programme was organised, with the dance, song and music, the evening became colourful.

13th and 14th of December: Sports are about those incredible moments where sheer human will and desire overcomes the odds. These are the moments we remember. OAV Madhapur, Sukinda, Jajpur organised Annual Sports with a great enthusiasm of the students and all staff members. It started with the lighting of sacred Mashal devoted to the almighty. Honourable principal Mr. Nirmal Chandra Mallick inaugurated the ceremony and acknowledged the students about the benefits of sports and games. Different sports events like 100 and 200 mtr race, Long jump, high Jump, shot put, kabaddi, sack race, cricket, potato race and music chair were included in the two days event. All the students played well and enjoyed the programme. Diptiranjani Hibru and Srananibehera of class IX became the champions.

Science Exhibition

21 Nov, 2023 Odisha Adarsha Vidyalaya Jamdhar, Jajpur organized a Science Exhibition at its Vidyalaya premises. The exhibition was inaugurated by Principal Shri Dillip Kumar Sahoo of the vidyalaya. The students showcased incredible projects, fostering a passion for science. It provided a platform to the young students to come out with research based innovative projects on the theme 'Science & Technology for society'. The science department of the vidyalaya applauded the efforts put in by the students and urge them to explore nature with a rational outlook without harming it. The event was graced by eminent professors specializing in various fields as judges. Principal Shri Dillip Kumar Sahoo welcomed the guests. Students displayed research based projects on different topics.

OAV JANTARIBOL HAVING A WHOLE OF A TIME AT IIT, BHUBANESWAR

Indian Institute of Technology (IIT), Bhubaneswar is one of the reputed and prestigious institutions in India. The craze within the aspirants to crack IIT is at the apex level in the present scenario. The students of CLASS-IX and X of Odisha Adarsha Vidyalaya, Jantaribol, Kamakhyanagar had a Study Tour cum Exposure visit to IIT, Bhubaneswar on Dt.15.12.2023. The students got an amazing learning atmosphere and conducive research environment within the campus. A group of 115 students who visited the above mentioned institution were divided into 03 groups and sent to Physics, Chemistry and Biology laboratories respectively and they exchanged themselves after completion of each group in a lab. The students came in contact with different renowned Professors and received precious inputs from them. They observed many experiments done in the Chemistry Lab and had their curious queries well addressed during the session. The students had an amazing experience of witnessing magical exhibitions performed by the respected Physics Professors as well as received interactive lectures & observed skeletal exhibition by the respected Biology Professors. It was a wonderful and memorable day for all the students. This experience has definitely given them an outstanding input for their upcoming learning stage.

OAV JANTARIBOL SCULPTING SCIENTIFIC MINDS AT INSTITUTE OS PHYSICS, BHUBANESWAR

Odisha Adarsha Vidyalaya Jantaribol, Dhenkanal facilitated a team of senior secondary students & teachers for an Educational Trip to Institute of Physics (IOP) BBSR on December 13, 2023. Ranging from application of theoretical knowledge to experiencing expert guidance & visual aids; these young minds had it all. Key highlights of this exposure included four probe station, semiconductor parameter analyser, spin coater, photo lithography system, and iron beam laboratory with NEC model 9SDH-2 tandem peloton accelerator and more. This captivating experience landed the students to being felicitated by the IOP on the same day by being presented a science kit consisting of a smartphone & Biology Microscope under the scheme of Vigyan Pratiksha Campaign-2020 (VPC). This trip left an impeccably lasting & encouraging impression on the young minds of the school.
