OMAV Rourkela students working in Atal Tinkering Lab, KV Rourkela.

With a vision to 'Cultivate one Million children in India as Neoteric Innovators', Atal Innovation Mission is establishing Atal Tinkering Laboratories (ATLs) in schools across India. The objective of this scheme is to foster curiosity, creativity, and imagination in young minds; and inculcate skills such as design mindset, computational thinking, adaptive learning, physical computing etc.

Odisha Mining Adarsha Vidyalaya, Rourkela started functioning on 1st August, 2023. The students are usually multi-talented by nature with high levels of curiosity to soar into the sky. It was our good luck that the Principal of Kendriya Vidyalaya, Rourkela had once visited our classes and was highly impressed by the potentialities of our students. He has a mission to assimilate scientific ideas of students of different schools through Inter-School seminars, debate and cultural exchange.

O M A V Rourkela students were invited to Atal Tinkering

Lab of Kendriya Vidyalaya, Rourkela on 30th March, 2024. Mrs Sabita who is a facilitator of ATL taught the students how to make electric circuit and different types of drilling. Also she showed them the model of 'Kavach' made by two class XII students of KV. Kavach senses the ultrasonic waves within the radius of 50 cms and makes alarming sound

about any threats. Mr. Mousam and Ms Laxmipriya, Science teachers of OMAV, Rourkela accompanied a total 14 number of students for this event. It was a workspace that enables the young minds which could give shape to their ideas through hands on do-it-yourself mode; and learn innovative skills. The children got a chance to work with tools and equipment to understand the concepts of STEM (Science, Technology, Engineering and Math). ATL would contain educational and learning 'do it yourself' kits and equipment on science, electronics, robotics, open-source microcontroller boards, sensors and 3D printers and computers etc.

Mathematics Seminar and G.K. Competition held at OAV Penthabahal, Naktideul

A Mathematics Seminar and a G.K. Competition was organized in the Vidyalaya premises of OAV Penthabahal, Naktideul, Sambalpur district

on 14th March, 2024. Following the guidelines issued by OAVS, Bhubaneswar, the Vidyalaya organized a Mathematics seminar in which ten students took part. The majority students of class-X and other class students discussed various topics about applied mathematics and its uses in day-to-day life.

An Inter-House G.K. competition was held in the school premises in which various important topics such as population, environmental crisis etc. were covered. Brahmani house became victorious in this very close fought competition.

OAV Penthabahal, Naktideul organized "Fire Safety and Security" for the students.

It's vital for school staff and students to have working knowledge and awareness of fire safety, as well as the various potential causes of fires and preventive measures. In order to ensure safety and security in an educational set-up and to comply with current fire safety regulations, the staff and students were trained by fire-safety officials.

Therefore an awareness programme on "Fire Safety and Security" was organized in the Vidyalaya premises of OAV Penthabahal, Naktideul, Sambalpur district on 23rd March, 2024.

Fire is one of the biggest risks that the students and employees face on a daily basis in the workplace. A large number of people at workplaces seriously injured every year, it is vital that the students and staff know the causes and actions to take in a fire.

This fire safety programme taught the students the fire safety signs, the risks of fire safety in the workplace, how to avoid a fire by spotting fire hazards, different types of fire extinguishers and their legal responsibilities. The most important among all was the hands-on experience for the students.
